

SPB 360 | SPB 360 comfort

Desktop coil punching and inserting machines with integrated crimping and cutting device. Designed for low to medium volumes of plastic coil books production.

PREMIUM QUALITY WORLDWIDE
MADE IN GERMANY

Illustrated: SPB 360 comfort

Customer benefits:

- Binds up to 160 sheets
- QSA (Quick Size Adjustment) for high flexibility of different paper formats: A5 and A4
- Adjustable side lay for perfect punching registration
- Special hardened punch pins for long lasting life
- Staggered punching pins for better punching
- Easy to empty sliding waste tray
- Unique electric roller for quick coil insertion
- Clever crimper and cutter for turning coil ends
- Measures the document or coil size
- Heavy duty construction & compact design

Maximum:

-  Width **360 mm**
-  Punch up to **2.0 mm**
-  Bind up to **16 mm**

Output:

-  Max. punched sheets per hour⁽¹⁾
10,000
-  Max. bound products per hour⁽¹⁾
80

SPB 360
Manual punching and electric inserting machine with manual crimping and cutting. Designed for regular use in a small to medium sized office.

SPB 360 comfort
Electric punching and electric inserting machine with manual crimping and cutting. Designed for regular use in a small to medium sized office.

All performance outputs are based on 80 gsm paper and may vary depending on the product type, the working environment and the operator. For best punching results we recommend a paper thickness of 1.5 - 2.0 mm.

⁽¹⁾ Dependent on machine type.

Vertical punching makes it quick and easy to punch correctly every time on both the manual and electric versions from the SBP 360 range.

QSA (Quick Size Adjustment) technology means that punching pins can be cancelled and paper formats can be changed quickly and easily.

The simple to use rubber roller threads the coil through the document quickly and effectively.

The integrated coil cutting and crimping unit gives the perfect finish to your document every time and crimps the plastic coil at a 45° angle.

SC pliers

can be used to crimp larger diameter coils or metal spirals.

Modular motor

electric modular motor can upgrade a manual SBP 360 to an electric punch.
