## HANDS-FREE HYGIENE DOOR OPENER FOR THE FOREARM

- Ergonomic door handle attachment
- Perfect support for hands-free opening and closing of doors
- Simple and quick installation on an existing door handle
- Fits common door handles
- Firm and secure hold thanks to two-point fixation
- Made of flame-retardant plastic (fire protection class B1 according to DIN 4102-1)
- Quick and easy cleaning
- Insensitive to cleaning agents and disinfectants
- Significant reduction in infection risks
- Inexpensive alternative to fully automatic doors
- Ideal for all public buildings such as offices, institutions, schools, Hospitals, gyms, restaurants, etc.

Two point fixation for firm and secure hold
