

BUDDY

MULTI-HYGIENE HOOK with Touch Pen

- Contactless use: open, press, push, pull, rotate, hook and write on touch screens
- No direct contact with contaminated surfaces
- Protection against objects contaminated with bacteria & viruses
- Integrated touch pen
- Very robust thanks to carbon fibre reinforced construction
- Quick and easy cleaning
- Sustainable for more hygiene in everyday life
- The environmentally friendly alternative to disposable gloves
- Wide range of applications: door handles, touch screens, window handles, lift buttons, EC terminals, PIN pads, vending machines, drawers, cupboards, light switches, WC lids, taps, soap dispensers, etc.
- Made in Germany
